In Barbieland, every day is the best ever. Like all other Barbies, Barbie is completely perfect and always happy. But why does she suddenly have to think about death in the middle of her dream villa dance party? Why does the invisible water run ice-cold out of her plastic shower the next morning and why do her feet, which are perfectly arched for high heels, suddenly become so disgustingly flat and - human? To fix these glitches, Barbie must travel to the real world - to Los Angeles, California. But the adventure goes completely differently than planned.
